

ORPHEUS Workshop

ORganisation for PhD Education in Biomedicine and Health Sciences in the EUROpean System

<http://www.orpheus-med.org>

In October 2012 an ORPHEUS Workshop entitled '*PhD Study from the Student's View*' was hosted by the **Jessenius Faculty of Medicine, Comenius University (CU), Martin, Slovakia**.

Important workshop conclusions are in the so called *Martin Declaration* specifically addressing research education (PhD) for clinical MDs. See <http://orpheus-med.org/index.php/latest-news-and-events/16-news-and-events/217-jessenius-faculty-of-medicine-martin-orpehus-workshop-phd-study-from-the-student-s-view>

As a continuation of that important discussion a further ORPHEUS workshop on clinical PhD: '*Research at the bedside*' will be held at Krakow **Jagiellonian University Medical College** on 29-30 November 2013.

If your institution has an interest in structures related to the organisation of part time PhD training programmes for clinical MDs, question of authorship and mentorship of multidisciplinary clinical research, clinical publications acceptable for PhD etc. we will be glad to see you in Krakow.

If you wish to attend, contact Chair of Organising Committee or ORPHEUS President. There is no participation fee.
